Job Vacancy- Full Time Position

Position: Senior Planner
Salary Range: \$49,457-60,000
Classification: 2012

Department: PLANNING
Posting Date: Immediately
Closing Date: November 16, 2020

General Job Description

Horry County is located along the South Carolina coast and is part of the second fastest growing metropolitan statistical area in the nation. With over 354,000 residents, it is expected to grow by more than 275,000 people by the year 2040. This position has been created to expand the capabilities of this large, fast-paced and progressive department. Because Horry County's diverse and rapidly changing landscape and built environment, the ideal candidate must possess critical thinking skills and have the ability to work on a variety of projects that will support the County's Comprehensive Plan and Strategic Plan.

Duties of Position

The Senior Planner will be immersed in and responsible for many current and long-range planning activities within the department, including, but not limited to, development and rezoning review, drafting of zoning regulations, preparation of technical memos and presentations, researching specific planning issues and developing reports, and managing special projects with an emphasis on transportation planning. The Senior Planner will coordinate and often facilitate meetings with design professionals, various County staff and departments, community partners, special interest groups, and citizens. This position will also work with various boards and commissions as necessary to complete assignments and tasks. Candidates should be able to work independently as well as part of a multidisciplinary team and have excellent oral and written communication skills.

Position Minimum Requirements

Qualified candidates must possess a Master's Degree in Urban and Regional Planning, Landscape Architecture, Public Administration, Architecture, Engineering, Environmental Science, or other related field with a minimum of one to two years of experience or an equivalent combination of education, training and experience that provides the required knowledge, skills, and abilities. Candidates should have ArcGIS and/or Adobe Creative Suite experience or be willing to learn these skill sets within one year of employment. Candidates must be willing to furnish writing and mapping samples at time of interview and be able to pass required pre-employment physical and background check.
